Eljer **Duplex** Close Connected Closet including full size, syphonic, Jet Action Bowl with "Elvortex" whirlpool jet and plain design, shelf top Tank with good quality staple pattern fittings. Chromium Plated Lever and Supply and guaranteed White Seat and Cover with Chromium Plated Hinge, complete.

B-5140 DUPLEX

WACO CLOSET

Waco Syphon Action Washdown Bowl with extended seat shelf and **Waco** Special Design Vitreous Tank and Mahogany finished Seat.

B-5161 WACO

B-5341A TEXAS

TEXAS REVERSE TRAP

The **Texas** is a quality Reverse Trap. The bowl is of massive design with square base to harmonize with the other fixtures in bath room.

B-5426H ELCO

The **Elco** is a DeLuxe Washdown Closet. It is massive and pleasing in appearance and costs only slightly more than the ordinary closet.

B-5421H ANDES

NEW ANDES WASHDOWN

The New **Andes** is a staple Syphon Action Closet which invites comparison. Every point about it has been designed with a view to offering the best appearance and most value obtainable in a combination of this kind

FEATURES

Quiet Action

Operating on the "Elvortex" principle the bowl is extremely quiet in action. The water in entering the bowl produces a strong whirling motion, giving a thorough, scouring and positive flush with a small amount of water.

Compact

This new closet combines the desirable features of the best,—all in a minimum of space. It will fit in where the usual types will not go.

Appearance

The **Sylenta** is very attractive in appearance and is designed along modern lines to make a harmonious ensemble with the new tubs and lavatories.

Sinks With Beauty, Convenience and Modern Style

NEW ART LINE SINKS

These new Eljer Artline Sinks in their sparkling beauty and clean cut lines are a joy to any housewife. They have the 8" low back so that they may be placed beneath a casement window. Fittings are Chromium Plated.

B-2101 PATRICIAN
Size: 60"x22"

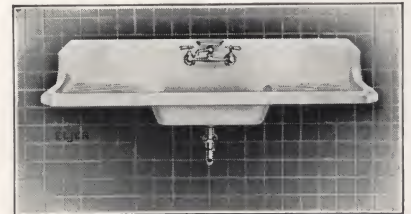

B-400

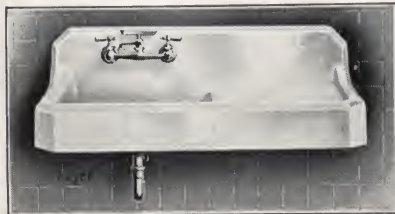

The B-400 Chromium Plated Large Double Strainer with removable crumb cup is a great convenience.

ACID RESISTING ENAMEL

Regular Enamel is easily damaged by lemon juice and some other fruit juices or acids but **Acid Resisting Enamel** is not affected by any fruit or vegetable juices or acids that are ordinarily used around a sink. We strongly recommend acid resisting enamel for sinks.

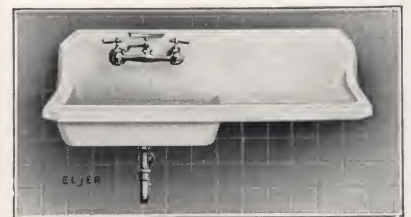

B-2201 AVON—Sizes: 60x22"

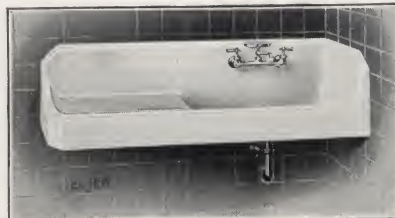

B-2116 VASSAR, Right Hand Drainboard
B-2111 Left Hand Drainboard
Sizes: 42", 48" and 52"

COLOR

The wide range of beautiful colors and shades in which plumbing fixtures may now be had, offers to the home owner the opportunity for individual expression in the bathroom, as well as in the other rooms of the home.

The trend today is very definitely toward color in the bathroom and Color, therefore, should have your serious consideration when planning the bathroom as it is built for years of service and the cost of changing after completion is often prohibitive.

The extra cost for color is but a small percentage of the cost of the building and fixtures in color are within the reach of even those building modest homes. The installation cost is no more for colored fixtures than for the regular white.

A FULL LINE OF PLUMBING FIXTURES

The fixtures shown in this booklet are those more generally used in the home. A choice of several styles is offered in most items.

The complete ELJER line includes fixtures for schools, public buildings, hospitals, prisons and nearly every plumbing requirement.
